

**Wednesday 8<sup>th</sup> March 2017**

This morning these two ducks were ready to join the rest, all dried out and healthy.

Today the ducklings spent most of the day getting used to their new surroundings. They were eating, drinking and paddling in their water!

They were happy to see the children and spent a lot of the day coming to the sides to say hello. We are hoping to get them out so they can say hello to us properly soon.

By the end of the day, they were very tired and all snuggled up together to sleep.
