

Thursday 9th March 2017

The ducklings have had a busy and exciting day today. They were very lively this morning and keen to come and say hello. We put some water in for them to have a paddle and they loved it.

They mostly wanted to drink it!!

They came and said hello to the children in Foundation Stage. The ducklings were very friendly and were happy to meet the children.

We are enjoying joining in with the phonics session and watching the children learning.

Then it was back to the brooder for something to eat and drink before snuggling in for a big rest! It was very tiring work meeting the children today!
