

Friday 10th March 2017

Another busy day as the ducklings continue to grow in size and personality. They were very keen to see us all this morning when we arrived at school.

Today they have been exploring jumping on top of the heat lamp. Some are more successful than the others are.

They came out to say hello to the children again and it was great fun chasing each other around the carpet.

The ducklings had a great time splashing around in some deeper water; we think they are ready to have a go at proper swimming!

Some of the children's parents and carers come to meet the ducklings.

The ducklings have gone home with Mrs McLevy for the weekend and they snuggled in for the night.
