

Friday 17th March 2017

Today we said goodbye to the ducklings and sent them to their new home at Forest School. The ducklings have grown too big to stay in a classroom now and need to go and be ducks!

We have all enjoyed having the ducklings in school and watching their progress. The children are looking forward to seeing them at Forest School.

The ducklings quickly settled into their new home and have been for a swim and are nice and cosy!
