

Forest School – Week 10

This week was our last session at Forest School and we were all excited to take our grown-ups with us! We showed them around the site and they joined in with some of our activities.

Making Fairy Breath bracelets.

In the mud kitchen.

At the farm

Toasting marshmallows

Zip wire fun for the children and the adults!

We have had a great 10 weeks and are all a little sad it has come to an end. We would like to thank all the Forest School Practitioners for helping to make memories the children will never forget.
