

This week we revisited the fire circle rules. Then we got to cook some marshmallows on the fire and placed them inside a chocolate digestive sandwich to make Smores. They were delicious!

We also listened to the story Stickman and found resources within our site to make our own Stickman. We found different sized twigs and branches as well as fairy breath to join them together.

We used our teambuilding skills to create our own obstacle course. We enjoyed moving a tractor wheel, tyres and branches to create our obstacle course. We also had a tarpaulin to crawl under at the start. We enjoyed moving in lots of different

ways to negotiate our way around the course!

We are looking forward to our next visit!
