

Thanet Baton Relay

As part of Thanet's Sports Work on the School Games Programme, Primary Schools around Thanet are taking part in the Thanet Baton Relay. Schools hold the baton for a short time, and tell a story, through photographs, representing one of the values of the school games.

The batons represent the 6 values of the school games, honesty, teamwork, respect, self-belief, passion and determination, and schools had to 'bid' to receive a baton.

At Garlinge Primary School and Nursery we chose **teamwork** as our value.

We treat everyone equally, support each other, work together to have fun, achieve, celebrate each other's success and be a positive team player.

We achieve this in so many ways and through so many experiences as shown by our teamwork journey throughout the School.
