

Thanet Primary Schools Cross Country

On Saturday 27th February a team of Garlinge children took part in the Thanet Primary Schools Cross Country at Quex Park. This was the second of two annual events and was once again a great success. We had one of our largest teams taking part most of them from year 4. All the children taking part did very well and everyone completed the course winning a well-deserved medal. Thank you to everyone who supported this event and all the children who were a credit to their school. All results and pictures are on the Thanet AC website
