Eggs – Day 1

The children in Foundation Stage spent the morning preparing for the arrival of 8 eggs. We thought of rules we would need to follow to ensure that we keep the eggs safe, and thought of things we would need to look after whatever hatched from the eggs.

We had some ideas of what could hatch out of these eggs, ranging from chicks to snakes, and are looking forward to finding out if we are right.

In the afternoon our special delivery arrived!

A cage was set up for when our eggs hatched.

We are eagerly waiting.....
