

## Autumn

Rainbow class have been very busy exploring the season of Autumn. We collaged pictures of a pumpkin and went for a walk to collect leaves to go around our pictures.

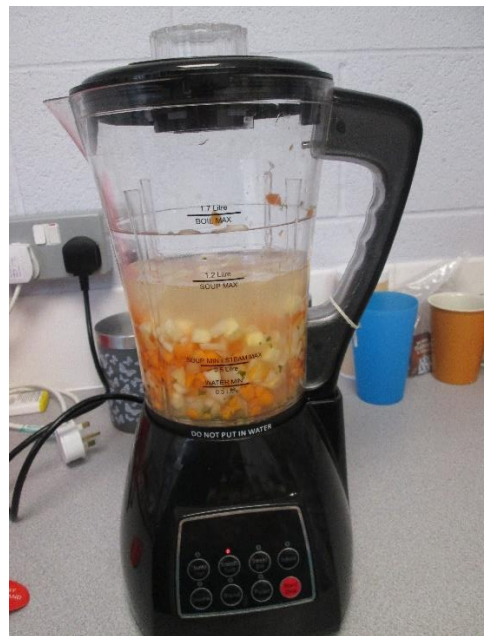

We learnt about using the words small, medium and big to describe the sizes of the pumpkins.

We made soup to have for our snack – the vegetable soup had carrots, onions, swede and potato in it.

Some of us enjoyed the soup and some of us didn't!

Once we had finished with the pumpkins we put them out in our garden for the squirrels to enjoy!
