

Garlinge Primary School and Nursery

"A place for everyone to succeed and thrive with inclusion at its heart"

Garlinge Primary School and Nursery

Eco News

On Wednesday 5th February, the Garlinge Eco Reps took part in the Big School's Birdwatch campaign by the RSPB.

We went to a quiet part of the school so that we could observe birds peacefully and this is what we saw:

- 2 blackbirds
- 2 house sparrows
- 1 carrion crow
- 1 magpie
- 3 herring gulls
- 10 wood pigeons

We talked about how important it is to give our nature a helping hand and the types of foods we can give to birds. We really enjoyed ticking off the birds that we saw and it gave us the opportunity to talk about all of the birds we see at school, such as our beautiful robins, jays, goldfinches, chaffinches and woodpeckers.

We were disappointed that these regular visitors didn't put in an appearance, however we understand that they were probably busy finding food elsewhere.
