

## Duck Diary Day 12 and 13

The two ducklings that can to Mrs McLevy's house for the weekend have had a nice time. They got to swim in the bath and were happy just bobbing about in there.

When they came out they moved their bedding and cuddled up under the heat lamp to dry off.

They seem to enjoy squeezing into a corner together to sleep and this is where they spent the evening

The ducklings seem to have found they like to be covered in water and have spent much of the day splashing each other with water from their drinking bottle!

They are looking forward to going back to school to see the children on Monday.
