

Duck Diary Day 7

The ducklings came back to school and they were pleased to see the children, and the children were pleased to see them. The children were surprised at how much they had grown over the weekend.

The ducklings came out to play with the children.

Miss Stannard made sure we were all nice and dry before we went back into our fresh new cage which is much bigger so lots of room to spread out.

Mrs McLevy and Miss Stannard found a tub for the ducklings to swim in.

After a busy day the ducklings are very tired and snuggle under the brooder to keep warm and have a long sleep.
