

Duck Diary Day 5 and 6 - BATH TIME FUN!

Mrs McLevy thought that the ducklings might like to have a go at swimming while they were visiting her house. She put some warm water in her bath and popped the ducklings in. It went very well, the ducklings were quickly swimming up and down the bath, and they were jumping out and diving back in.

Waiting to get in.

When they got out Mrs McLevy gave the ducklings a dry in a towel and put them back under the brooder to keep warm. It didn't take long for the ducklings to be all fluffy again.

They enjoyed their bath time fun!!
