

Forest School – Week 1

This week marks the first of many weeks at Forest School! We are very excited to be starting our Forest School adventures.

We went to the farm and saw the Kunekune pigs, the goats, the chickens and the ducks that were raised at our school two years ago.

We went to the fairy garden and saw all of the fairy breath!
We collected two colours and made fairy bracelets.

We looked around the forest to see if we could identify hazards. We will need to be aware of these during our time here so that we can keep ourselves safe.

We had a great first day at Forest School and can't wait to go back next week! ☺
