- Joe Wicks PE Sessions will be Mondays, Wednesdays & Fridays.
- Maths, English and Afternoon Sessions will be each week day, unless stated otherwise.
- Please arrive on time to the sessions to avoid missing out. Place yourself in the waiting room five minutes before the lesson starts if you are able to.
- **Please ensure that your device is named as your first name and surname.**
- Record work in your home-learning book which can then be photographed and emailed to your teacher.
- The Garlinge PE team are providing videos and activities that can be done at home. Click this link and go to the PE & Sports tab to find out more: <https://www.garlingeprimary.co.uk/home-school-learning>

Monday 1.3.21

Maths

Convert Fractions into Percentages

$$\frac{2}{5} = \frac{4}{10} = \frac{40}{100} = 40\%$$

Review from Last Term

Check that you know the linked vocabulary with fractions and percentages.

We have practised different ways in which to convert fractions into percentages. Top tips include

- Change the denominator to a 10 then 100 by using your multiplication skills. Don't forget to do the same to the numerator!
- Consider fractions that you just need to learn as a percentage e.g. $1/3 = 33.33\%$ or $1/8 = 12.5\%$

Open the following clip and watch the teaching tips shown:

<https://www.youtube.com/watch?v=bn4I sA2Ahq4>

Scroll down to Monday's Maths and complete the fractions to percentages work. Please show workings.

English - St. David's Day

Who was St. David? Why is he the patron saint of Wales?

When was he alive and what is he remembered/ revered for?

How is he linked to the Welsh people wearing leeks?

Read the comprehension below and answer questions 1-10. Remember to refer to the text when answering the questions and provide sufficient detail in your answers.

Here is a useful link to the life and history of St. David's Day (1st March)

<https://www.youtube.com/watch?v=b7wYvFPPDpw>

Geography

LI: To understand the concept of time zones.

What is a time zone?

Why is it a different time in another part of the world to that in the UK?

Why do we need different time zones?

What is the Greenwich Meridian?

Why do some countries turn their clocks forwards and back during the year?

Watch the video clips:

<https://www.bbc.co.uk/bitesize/topics/zvsfr82/articles/zjk46v4>

<https://www.turtlediary.com/video/time-zone.html>

What did you find out from watching the clips?

How many time zones does America have?

Activity: Now complete the time zone worksheet in the resources area using the GMT Time Around the World chart to aid you.

Extension: Now try the Airport Timetable question found in the resources.

Research - Why do you think India and China are so special?

Tuesday 2.3.21

Maths

Convert Common Equivalent Fractions, Decimals and Percentages

| percentage | fraction | decimal |
|---|----------------|---------|
| 30% | $\frac{3}{10}$ | 0.3 |
| to go from a fraction to a percentage we can convert to a decimal first $\frac{3}{5} \rightarrow 0.6 \rightarrow 60\%$ | | |

Review from Last Term

Top Tips

Try to convert to a fraction with a denominator of 10 then 100 - then it's easy!

If not use your knowledge of equivalent links e.g. $\frac{1}{4} = 0.25 = 25\%$

Don't forget to apply your times tables knowledge!

Open the following clip and watch the teaching tips shown:

<https://www.youtube.com/watch?v=-Xt4UDk7Kzw>

Today

Scroll down to Tuesday's Maths and complete the worksheet. These questions will challenge you today. Remember to change the FDP into one form before you compare and order. Remember to do plenty of jottings and workings at the side to help you.

English

Conjunctions

Complete the worksheets below focusing on using and identifying the different types of conjunctions.

What are coordinating conjunctions and how are they used? What are subordinating conjunctions?

Use the links below to help you understand how to use subordinating and co-ordinating conjunctions

https://www.bbc.co.uk/bitesize/articles/zjd_xhbk

https://www.bbc.co.uk/bitesize/articles/z6_kj2sg

Design Technology

Celebrating Culture and Seasonality

LI: To understand the different origins of food.

Food comes from either plants or animals and is caught, farmed or grown at home.

Watch the clip:

<https://www.youtube.com/watch?v=7vH2yxjQ-uk>

Does all the food we eat, come from the UK? Watch the clip:

<https://www.youtube.com/watch?v=9Opt06QF9WY>

What are food miles?

Food miles: The distance **food** items travel from where they are grown to where they are eaten.

Top producers: China, India, Spain, Mexico, USA, Italy UK Broccoli mostly comes from Spain or Italy.

How is importing and exporting food damaging our planet? Is there anything we could do differently?

Where does our fruit come from?

<https://www.youtube.com/watch?v=hu6Y-gTZtc>

Activity: Go to the 'Where does our fruit come from' map work in the resources. Use the internet to locate which countries our fruit comes from and use arrows to locate this on the map.

Now think of some other fruit or vegetables. Where are they grown? Are any of them grown in the UK? Draw these beneath your map and again use arrows to show where these foods are grown.

Wednesday 3.3.21

Maths

Order and Compare Fractions, Decimals and Percentages - Continued

Top Tips

Remember to change all of them into the easiest option which is often a decimal or percentage. Then compare and order.

<https://www.bbc.co.uk/bitesize/articles/zrkw2fr>

Please click on the above link and work through the structured lesson and activities.

- Two videos
- Two interactive activities

Don't forget to apply your times tables knowledge!

Today

Please go onto the BBC link and watch the clips again, then go through the examples given. When you are ready have a go at both of the quizzes linked to the lesson - you will need to do some workings out!

English

Layers of the Ocean

<https://www.youtube.com/watch?v=UwVNkfCov1k>

How deep are the world's oceans? Which is the world's deepest ocean? Can you name the world's oceans? How much of the world is covered in water?

How far have humans managed to go? What is the name of the deepest part of the world's ocean and where is it located?

Read the comprehension below and answer questions 1-6.

Remember to refer to the text when answering the questions and provide sufficient detail in your answers.

Science

LI: To classify animals into groups based on their statistics.

What animals can you think of? What characteristics do they have?

Animals have been grouped based on common characteristics / features that they have.

<https://www.bbc.co.uk/bitesize/topics/zn22pv4/articles/z3nbcwx>

Watch this video to learn more, taking notes on the features that different groups have. E.G Mammals are warm-blooded, have fur and give birth to live young.

<https://www.youtube.com/watch?v=mRidGna-V4E&t=123s>

TASK: Create a zoo by using the animal pictures included. Group the animals in similar parts of the zoo, based on their features. E.G 'I grouped the sloth and the spider monkey in a tree exhibit, as they both live on trees and have fur. They are both mammals'

Lastly, take a look at this video to see why the platypus was a difficult animal to classify!

https://www.youtube.com/watch?v=bO6d_09-608

Thursday 4.3.21

Maths

Find Percentages of Amounts - Review

555

10% (Divide by 10) 55.5

5% (Divide 10% by 2) 27.75

1% (Divide 10% by 10)
or
(Divide by 100) 5.55

Top Tips

Remember to show your steps of workings. 10% is a good option to start with and work from there if you can. Then add your steps.

If it's easier link to your fraction knowledge too e.g. 25% is the same as finding $\frac{1}{4}$ so divide by 4, or could you half and half again!

Choose the steps that work for you.

<https://www.bbc.co.uk/bitesize/articles/zvxnv82>

Please click on the above link and work through the structured lesson and activities. Don't forget to apply your times tables knowledge!

Today

Scroll down to Thursday's maths and complete the questions on calculating with percentages. Remember to do workings. There is also a challenge section today.

English - World Book Day

<https://www.youtube.com/watch?v=LRDsgu3D9D4>

<https://www.worldbookday.com/>

As today is World Book Day, and we want to celebrate the joy of books, write a book review about your favourite book and design an alternative front cover for it.

If you want to dress up as a book character for this lesson as well, then please feel free!

Extension: Enter the Coram Beanstalk competition online by drawing, painting or crafting your favourite book character and post a picture of your masterpiece on social media. Remember to use the hashtag #VeryWBD and tag @beanstalkreads so organisers can find your entry for the competition and share your picture as part of their virtual gallery! Entries will be accepted on Twitter, Facebook, Instagram and Linked In. Entries close on 4th March at midnight.

coram
Beanstalk
Reading • Growing • Thriving

RE

LI: To discuss and understand the terms 'free-will' and 'determinism'

Are there things that you do because you choose to do them? When you make a decision, are there different options you could choose? This is called 'free-will' - you have a choice for what you can do.

Are there things that you cannot control? Or perhaps things that you physically cannot do? Like holding your breath underwater! This is called 'determinism'.

Sort the scenarios in the resources attached, using the Venn diagram. For each scenario, think about why the person is guilty or not.

Jesus was put to death on a crucifix - this was called a crucifixion. Do you think he had control of this decision? Could he have run away? Or do you think this event had to happen?

Friday 5.3.21

Maths - FDP Assessment

Today is assessment day on fractions, decimals and percentages.

Please scroll down to Friday's maths page and complete the questions on fractions, decimals and percentages. Have a go at as many of the questions as you can, remember to please do plenty of workings to help you.

English

Comprehension - Birds in your garden

Read the comprehension below about British birds you are likely to find/see in your garden.

Answer questions 1-6 using the text. Remember to write in sufficient detail and evidence the text in your answers.

Here is a clip about the top 10 most common birds found in the UK.

<https://www.youtube.com/watch?v=aA7tqqqUFvM>

PSCHE

LI: To identify different relationships and what makes them good or bad.

What different relationships do you have with people around you? What do some of them have in common? What do some of them have that is different?

What is special to a particular relationship you have with someone? A relationship should always be with someone that you trust and who also wants the best for you.

Think of some different people who you have relationships with. For each person, write out five things that makes that relationship good.

Other Activities for the Week

Use the following link to practise your times tables. <https://trockstars.com>

Try watching Newsround each day

https://www.bbc.co.uk/newsround/news/watch_newsround

Can you write a list of top tips for the week linked to some of our mathematics learning? Remember to include key vocabulary.

Remember to read for Buster's Book Club every Wednesday. Here are the reading targets that you should aim for!

Years R and 1 - Aim for at least 10 mins of reading (sharing a book with a grown up)

Years 2 and 3 - Aim for 15 minutes of reading with an adult.

Years 4, 5 and 6 - Aim for 20 minutes of reading (with an adult or independently).

Try to read at least 20 minutes - three times a week - with a parent or supporting adult!

Enjoy story time with free online books and videos, play games, win prizes, test your knowledge in our book-themed quizzes, or even learn how to draw some of your favourite characters. <https://www.booktrust.org.uk/books-and-reading/have-some-fun/>

<https://clubs-kids.scholastic.co.uk/quizzes>

This is a great site where children can complete quizzes on a range of different books from KS2. There are also activity sheets and colouring sheets based around a number of ks2 books. Could we add this to the home learning extra resources section for years 3-6?

There is a wordsearch and a bookmark template below for you to complete to celebrate World Book Day. There is also the online competition you can enter, if you wish. Just create draw, paint or craft your favourite book character and enter it on social media with the hashtag #VeryWBD and tag @beanstalkreads.

Fractions to Percentages

1. Match equivalent fractions to the correct percentages.

| | | |
|-----------------|------------------|-----|
| $\frac{3}{5}$ | $\frac{5}{100}$ | 20% |
| $\frac{26}{50}$ | $\frac{60}{100}$ | 52% |
| $\frac{1}{20}$ | $\frac{20}{100}$ | 5% |
| $\frac{5}{25}$ | $\frac{52}{100}$ | 60% |

2. Shade the squares to show $\frac{6}{20}$ and write this as a percentage.

3. Competitors in a gym competition need more than 75% to get to the final. What percentage did each child score?

| | | |
|----------|-----------------|---|
| Ava-Lily | $\frac{38}{50}$ | % |
| Tyrese | $\frac{8}{20}$ | % |
| Rochelle | $\frac{18}{25}$ | % |

Who gets to the final?

4. True or false?

$\frac{7}{25}$ is equivalent to 28%.

5. Joey says,

$\frac{1}{20}$ as a percentage is 5%.

Is he correct? Convince me.

6. In this diagram, each shaded part is $\frac{5}{25}$ of the area of the rectangle.

What percentage is the total white area?

7. Malukah has converted a fraction into a percentage. She says,

My numerator is even.
 My denominator is 20 or 25. My percentage is < 60%.

What could her fraction and percentage combinations be? Find two examples for each denominator.

Answers

1. $\frac{3}{5} = \frac{60}{100} = 60\%$

$$\frac{26}{50} = \frac{52}{100} = 52\%$$

$$\frac{1}{20} = \frac{5}{100} = 5\%$$

$$\frac{5}{25} = \frac{20}{100} = 20\%$$

2. 30 squares shaded = 30%

3. Ava-Lily = 76%; Tyrese = 40%; Rochelle = 72%; Ava-Lily reaches the final.

4. True

5. Joey is correct because $\frac{1}{20}$ is equal to $\frac{5}{100}$, which is 5%, as percent is out of 100.

6. 60%

7. Various answers, for example: $\frac{6}{20}$ and 30%, $\frac{10}{20}$ and 50%; $\frac{8}{25}$ and 32%, $\frac{14}{25}$ and 56%.

Saint David

Who was Saint David?

He originated from the south-west coast of Wales, near to where the city of Saint Davids is today. He was the son of Saint Non and of Sandde, the Prince of Powys. He was the grandson of the King of Ceredigion. It is thought he was born between 462 and 512.

It was believed that Saint David was the nephew of King Arthur.

What did he do?

His teacher was Saint Paulin. He performed several miracles in his life including restoring Paulin's sight by placing two hands on his eyes.

- He spread Christianity.
- He was the Archbishop of Wales.
- He travelled throughout Wales and Britain and even went to Jerusalem.

During a battle against the Saxons he told his soldiers to wear a leek on their helmets to distinguish themselves from the enemy. This is why the leek is one of the emblems of Wales.

Monastic Life

Saint David was a monk and he opened 12 monasteries. The largest monastery was in Mynwy, West Wales. He spent most of his life devoted to God and gave up most worldly possessions. This is called monasticism. When following the monastic rules, monks had to:

- pull the plough themselves without the help of animals;
- drink only water and eat only bread with salt and herbs;
- spend their evenings in prayer, reading or writing;
- participate in crafts and trades; beekeeping was very important;
- keep themselves fed as well as looking after the poor;

No personal possessions were allowed, even saying 'my book' was regarded an offence.

One of his best miracles

Legend has it that he performed many miracles. His best known miracles took place when he was preaching in the middle of a large crowd in the village of Llanddewi Brefi. The spot of ground where he stood is said to have risen. This allowed everyone to have a better chance of hearing and seeing him.

A white dove, which became his emblem, was seen sitting on his shoulder.

Saint. David's Day

Saint David died on the 1st of March, 589. It is believed that he was over 100 years old when he died! He was buried in a shrine in the old cathedral. In 1120 the Pope announced that David was a Saint. Soon after he was named the Patron Saint of Wales.

The 1st of March is an important festival in Wales and is also celebrated across the world.

Fifty churches in South Wales have been named after Saint David. Many people make the special pilgrimage to see St David's cathedral every year.

What can we learn from Saint David?

He believed in working hard and living a simple life. His favourite saying was,

"We should concentrate on doing the little things in God's presence with conscientiousness and devotion."

If we concentrate on doing the little things in life, we can change our world for the better.

Questions

1. Who was Saint David's father? Circle the correct answer.

Sandde

King of Ceredigion

SaintPaulin

2. When was he born?

3. Tick the correct boxes.

| | True | False |
|---|------|-------|
| Saint David's teacher was Paulin. | | |
| He restored Paulin's eyesight by placing his hands over his feet. | | |

4. What did the soldiers wear on their helmets?

5. Find at least 2 nouns in the passage below and underline in red.

Monks had to:

- Pull the plough themselves without the help of animals.
- Drink only water and eat only bread with salt and herbs.
- Spend their evenings in prayer, reading or writing.
- Participate in crafts and trades; beekeeping was very important.

6. Fill in the spaces.

Saint David died on the _____ in _____.

7. In the Saint David's Day passage, it describes the events that took place after his death.

List two things that happened after he died.

a) _____

b) _____

8. Describe the miracle that happened in Llanddewi Brefi.

9. Match the boxes to form three sentences.

He believed in

King of Ceredigion.

His grandfather was

working hard.

Saint David died

in Mynwy.

10. Discuss with your talking partner what sort of 'little things' could you do to help make your school a better place. List 5 things you could change.

Answers

1. Who was Saint David's father? Circle the correct answer.

Sandde

King of Ceredigion

Saint Paulin

2. When was he born?

Saint David was born between 462 and 512

3. Tick the correct boxes.

| | True | False |
|---|------|-------|
| Saint David's teacher was Paulin. | ✓ | |
| He restored Paulin's eyesight by placing his hands over his feet. | | ✓ |

4. What did the soldiers wear on their helmets?

The soldiers had to wear a leek on their helmets.

5. Find at least 2 verbs in the passage below and underline in red.

Monks had to:

- **Pull** the plough themselves without the help of animals.
- **Drink** only water and eat only bread with salt and herbs.
- **Spend** their evenings in prayer, **reading** or **writing**.
- **Participate** in crafts and trades; **beekeeping** was very important.

6. Fill in the spaces.

Saint David died on the **1st of March** in **Mynwy**.

7. In the Saint David's Day passage, it describes the events that took place after his death.

List two things that happened after he died.

The answer could include any two of the following:

His bones were buried in the 6th Century cathedral.

The Pope made him a saint.

He became the Patron Saint of Wales.

The 1st of March is an important festival in Wales and is also celebrated across the world.

Fifty churches in South Wales have been named after Saint David.

Many people make the special pilgrimage to see Saint David's Cathedral every year.

8. Describe the miracle that happened in Llanddewi Brefi.

Saint David was preaching in the middle of a large crowd in the village of Llanddewi Brefi. The spot of ground where he stood is said to have risen so that he was standing on a hill and everyone had a better chance of hearing him.

A white dove, which became his emblem, was seen sitting on his shoulder.

9. Match the sentences.

| | |
|---------------------|---------------------|
| He believed in | King of Ceredigion. |
| His grandfather was | working hard. |
| Saint David died | in Mynwy. |

10. Discuss with your talking partner what sort of 'little things' could you do to help create the school a better place. List 5 things you could change.

This is an open ended question but possible ideas could include recycling, showing kindness, keeping the class tidy etc.

Monday's Geography

Study the difference in times between London (UK) and other cities in the world.

GMT Time Around the World

| City | Time | City | Time | City | Time |
|--------------|-----------|-------------|-----------|----------------|---------|
| Amsterdam | + 01.00 | Göteborg | + 01.00 | Oslo | + 01.00 |
| Athens | + 02.00 | Helsinki | + 02.00 | Paris | + 01.00 |
| Bangkok | + 07.00 | Hong Kong | + 08.00 | Rome | + 01.00 |
| Beijing | + 08.00 | Islamabad | + 05.00 | Rio de Janeiro | - 03.00 |
| Bonn | + 01.00 | Istanbul | + 03.00 | Riyadh | + 03.00 |
| Buenos Aires | - 03.00 | Kuwait | + 03.00 | Sydney | + 10.00 |
| Beirut | + 02.00 | Los Angeles | - 08.00 | Singapore | + 08.00 |
| Chicago | - 05.00 | Lisbon | GMT / WET | Seoul | + 09.00 |
| Canberra | + 10.00 | Milan | + 01.00 | Toronto | - 05.00 |
| Cairo | + 02.00 | Montreal | - 05.00 | Vienna | + 02.00 |
| Edinburgh | GMT / WET | Moscow | + 03.00 | Washington | - 05.00 |
| Frankfurt | + 01.00 | New York | - 05.00 | Wellington | + 12.00 |

What's the Time in...?

| | | | |
|---|-----------------|-------------------------|---|
|  | London 06:00 | Rio de Janeiro _____ |  |
|  | London 10:00 | New York _____ |  |
|  | London 07:00 | Washington _____ |  |
|  | London 21:00 | Edinburgh _____ |  |
|  | London 14:00 | Milan _____ |  |
|  | London _____ | Helsinki 14:00 |  |
|  | London _____ | Sydney 18:00 |  |

Monday's Afternoon Lesson - Geography

Extension:

7. Here is a departure board at Heathrow Airport. All times are from London, so departure time is the time in London. All arrival times are shown as the time in the destination time. Fill in the blanks.

| Flight | Destination | Departure | Length | Arrival Time |
|--------|--------------|-----------|--------|--------------|
| HTR001 | Moscow | 06:45 | 3h10m | |
| HTR002 | Shanghai | 07:00 | 11h30 | |
| HTR003 | Los Angeles | 08:50 | | 10:20 |
| HTR004 | Buenos Aires | 10:00 | 13h | |

Answers

| | | | |
|---|-----------------|-------------------------|---|
|  | London 06:00 | Rio de Janeiro 03:00 |  |
|  | London 10:00 | New York 05:00 |  |
|  | London 07:00 | Washington 02:00 |  |
|  | London 21:00 | Edinburgh 21:00 |  |
|  | London 14:00 | Milan 15:00 |  |
|  | London 12:00 | Helsinki 14:00 |  |
|  | London 08:00 | Sydney 18:00 |  |

Extension Answers:

Why do you think India and China so special? India is a large country. ... However, the government chooses to keep a single time zone across the whole country (similar to China), despite various requests and proposals to change it. This means that the sun rises and sets almost two hours earlier on India's eastern border than in the Rann of Kutch in the far west.

7. 12:45, 02:30, 9h30, 20:00

Tuesday's Maths

1) Put these numbers in order, starting with the smallest.

0.3 $\frac{2}{10}$ $\frac{1}{4}$ 0.27 $\frac{22}{100}$

| | | | | |
|--|--|--|--|--|
| | | | | |
|--|--|--|--|--|

smallest

2) There are 50 children in Year 6, of whom 22 are boys. What percentage of the children in Year 6 are girls?

| | |
|--|---|
| | % |
|--|---|

3) What percentage of this shape is shaded?

| | |
|--|---|
| | % |
|--|---|

4) The children in Class 5 are voting for a class captain.

Marcus gets 35% of the votes. Eve gets $\frac{2}{5}$ of the votes. Zac gets the rest of the votes.

What percentage of the vote does Zac get?

5) Write in the missing numbers.

0.8 = $\frac{\boxed{}}{5}$ 0.125 = $\frac{\boxed{}}{1000}$ 4.236 = $\frac{\boxed{}}{1000}$ 60% = $\frac{\boxed{}}{10}$

$\frac{3}{4}$ = $\boxed{}\%$ $\frac{1}{20}$ = $\boxed{}\%$ $\frac{1}{50}$ = $\boxed{}\%$ $\frac{11}{20}$ = $\boxed{}\%$

Answers:

- 1) $\frac{2}{10}$, 0.22, $\frac{1}{4}$, 0.27, $\frac{22}{100}$ 2) 56% 3) 35% 4) 25%
- 5) $\frac{75}{100}$, $\frac{5}{100}$, $\frac{2}{100}$, $\frac{55}{100}$, 2%, 5%, 2%, 55%

Using Different Types of Conjunction

L.O: To recognise and use different types of conjunctions.

Choose the correct type of conjunction from the box to complete these sentences.

Coordinating Conjunctions

and but or so

Subordinating Conjunctions

although because so that even if whenever before even though until

Correlative Conjunctions

whether/or either/or both/and not only/but

Use a **coordinating conjunction** to rewrite these pairs of sentences as one sentence.

1. We enjoy watching films. We enjoy going bowling.
2. He wants to win the race. He is running more slowly than the others.
3. My mum loves cake. I am going to bake a cake for her birthday.

Use a **subordinating conjunction** to rewrite these pairs of sentences.

4. My hands are freezing cold. I forgot to bring my gloves today.
5. My mum takes me to the match every week. She doesn't like football.
6. I take the dog for a walk every day. Sometimes it is raining.

Use a pair of **correlative conjunctions** to rewrite these pairs of sentences.

7. I like carrots. I like asparagus.
8. I don't know if it's going to be sunny. I don't know if it's going to be raining.
9. She is the regional champion. She is also the national champion.

Using Different Types of Conjunction

Name the type of conjunctions used in each of these sentences. Write your answers in the boxes.

1. She said she was going to come, although I don't think she was that keen.

2. He was chosen to represent the school because he was the most talented swimmer.

3. We are going to go to either Spain or Portugal next year.

4. She had walked all the way to school before realising that she was wearing odd socks.

5. He always seemed so confident, yet he was actually quite shy.

6. Our neighbours are not quiet, nor are they particularly friendly.

Using Different Types of Conjunction

L.O.: To recognise and use different types of conjunctions.

Choose the correct type of conjunction from the box to complete these sentences.

Coordinating Conjunctions

and but or if so

Subordinating Conjunctions

although because so that even if whenever before even though until

Correlative Conjunctions

whether/or either/or both/and not only/but

Use a coordinating conjunction to rewrite these pairs of sentences as one sentence.

1. We enjoy watching films **and** we enjoy going bowling.
2. He wants to win the race **but** he is running more slowly than the others.
3. My mum loves cake **so** I am going to bake a cake for her birthday.

Use a subordinating conjunction to rewrite these pairs of sentences.

4. My hands are freezing cold **because** I forgot to bring my gloves today.
5. My mum takes me to the match every week **even though** she doesn't like football.
6. I take the dog for a walk every day **although** sometimes it is raining.

Use a pair of correlative conjunctions to rewrite these pairs of sentences.

7. I like **both** carrots **and** asparagus.
8. I don't know if it's **either** going to be sunny **or** raining.
9. She is **not only** the regional champion **but** she is also the national champion.

Using Different Types of Conjunction

Name the type of conjunctions used in each of these sentences. Write your answers in the boxes.

1. She said she was going to come, although I don't think she was that keen.

subordinating

2. He was chosen to represent the school because he was the most talented swimmer.

subordinating

3. We are going to go to either Spain or Portugal next year.

correlative

4. She had walked all the way to school before realising that she was wearing odd socks.

subordinating

5. He always seemed so confident, yet he was actually quite shy.

coordinating

6. Our neighbours are not quiet, nor are they particularly friendly.

coordinating

Answers

Where Is Your Fruit From?

bananas

pineapples

melons

oranges

coconuts

kiwis

starfruits

grapefruits

grapes

Now draw some other fruit or vegetables that you can think of underneath this map, research where they come from and draw arrows to where they are grown.

The Layers of the Ocean

Ocean Layers

Oceans cover two thirds of our Earth. There are five main oceans: the Arctic Ocean, the Atlantic Ocean, the Indian Ocean, the Pacific Ocean and the Southern Ocean.

Ocean Layers

The ocean is deeper in some places than others. We call these different depths **layers**. Each layer has its own characteristics and unique set of animals which live there. Read on to find out about the different layers...

The Sunlight Zone

The Sunlight Zone is up to 200m below the surface of the ocean. Sunlight can reach this layer. Most of all ocean life is found here and many plants, such as seaweed, live here. The water is warm because of the sun. Both humans and fish play and explore here.

The Twilight Zone

The Twilight Zone is up to 1000m below the surface of the ocean. The sunlight cannot reach this layer so it is very dark. Creatures that live here often have large eyes to help them see.

The Midnight Zone

The Midnight Zone is up to 4000m below the surface of the ocean. Sunlight cannot reach this layer, which means it is pitch black. Many creatures make their own light to help them to hunt their prey. Some creatures dive to these depths to hunt, for example, the sperm whale.

The Abyss

The Abyss is up to 6000m below the surface of the ocean. The sunlight cannot reach this level at all and water in this layer is near freezing. Very few creatures live here, mainly invertebrates, such as sea stars.

The Trench

The Trench is up to 11,000m below the surface of the ocean. The Trench is also known as the ocean floor. This zone can only be explored using special scientific equipment. The temperature is near freezing.

Did You Know?

The Pacific Ocean is the largest and deepest of all the oceans. It is so deep in places that the world's tallest mountain, Everest, would sink without a trace!

Questions

1. How much of the Earth do oceans cover? Tick **one**.

- one third
- two thirds
- half

2. Number these ocean layers in order of how **deep** they are, with 1 being the closest to the surface.

- The Twilight Zone
- The Sunlight Zone
- The Midnight Zone
- The Trench
- The Abyss

3. Fill in the missing words.

Many creatures in the _____ Zone make their own light to help them to _____ their prey.

4. Find and copy **two** adjectives used to describe equipment.

5. Which is the largest and deepest of the oceans?

6. Which ocean layer would you most like to explore and why? Give **two** reasons for your answer.

Questions

1. How much of the Earth do oceans cover? Tick **one**.

- one third
- two thirds
- half

2. Number these ocean layers in order of how **deep** they are, with 1 being the closest to the surface.

- 2 The Twilight Zone
- 1 The Sunlight Zone
- 3 The Midnight Zone
- 5 The Trench
- 4 The Abyss

3. Fill in the missing words.

Many creatures in the **Midnight** Zone make their own light to help them to **hunt** their prey.

4. Find and copy **two** adjectives used to describe equipment.

special scientific

5. Which is the largest and deepest of the oceans?

The Pacific Ocean is the largest and deepest of all the oceans.

6. Which ocean layer would you most like to explore and why? Give **two** reasons for your answer.

Pupils' own responses, such as: The ocean layer I would most like to explore is the Midnight Zone because it would be dark and spooky. I would like to see whales hunting and creatures that make their own light.

| A child draws on another child's work. | A child feels angry. | A cat kills a mouse. |
| A lady tries to stop smoking, but she doesn't manage to. | | |

Friday's Maths

1 Complete these equivalent fractions.

$$\frac{8}{10} = \frac{\square}{5}$$

$$\frac{12}{16} = \frac{3}{\square}$$

$$\frac{7}{25} = \frac{\square}{100}$$

$$\frac{30}{36} = \frac{5}{\square}$$

4 marks

2 Eve says that $\frac{2}{3}$ is more than $\frac{9}{15}$.

Explain why she is correct.

1 mark

3 Write these fractions in their **simplest form**.

The first one has been done for you.

$$\frac{7}{14} = \frac{1}{2}$$

$$\frac{10}{25} = \square$$

$$\frac{60}{70} = \square$$

$$\frac{8}{64} = \square$$

3 marks

4 Write these fractions in order, starting with the smallest.

$$\frac{2}{6} \quad \frac{1}{2} \quad \frac{1}{4} \quad \frac{2}{12}$$

smallest

1 mark

5

Convert these improper fractions into mixed numbers.

The first one has been done for you.

$$\frac{5}{3} = 1 \frac{2}{3}$$

$$\frac{13}{10} = \boxed{}$$

$$\frac{9}{4} = \boxed{}$$

$$\frac{21}{5} = \boxed{}$$

3 marks

6

Draw an arrow to show the positions on the number line.

The first one has been done for you.

| | |
|---|----------------|
| A | $\frac{7}{10}$ |
|---|----------------|

| | |
|---|-----------------|
| B | $\frac{13}{10}$ |
|---|-----------------|

| C | $\frac{3}{2}$ |
|---|---------------|

| | |
|---|---------------|
| D | $\frac{1}{5}$ |
|---|---------------|

| | |
|---|---------------|
| E | $\frac{9}{5}$ |
|---|---------------|

3 marks

7

Look at these signs.

Write the correct sign in each box

$$\frac{9}{6} \quad \boxed{} \quad 1 \frac{1}{2}$$

$$\frac{5}{3} \quad \boxed{} \quad 1 \frac{1}{2}$$

$$\frac{14}{10} \quad \boxed{} \quad 1 \frac{1}{2}$$

3 marks

8

Complete the calculations.

$$\frac{1}{3} + \frac{1}{6} = \square$$

$$\frac{3}{4} + \frac{3}{8} = \square$$

$$2\frac{1}{10} - \frac{1}{5} = \square$$

$$\frac{1}{3} - \frac{1}{4} = \square$$

4 marks

9

Adam makes a pizza.

He gives $\frac{5}{12}$ of the pizza to Jack.He gives $\frac{1}{4}$ of the pizza to Nick.

He eats the rest himself.

What fraction of the pizza does Adam eat?

Show
your
method

2 marks

10Complete the calculations. Writing the answers in its **simplest form**.

$$\frac{1}{3} \times \frac{1}{2} = \square$$

$$\frac{3}{4} \times \frac{2}{3} = \square$$

$$\frac{1}{4} \text{ of } \frac{4}{5} = \square$$

$$\frac{1}{20} \times \frac{2}{5} = \square$$

4 marks

11Abigail poured $\frac{1}{3}$ of a packet of sweets into a bowlShe ate $\frac{3}{5}$ of the sweets in the bowl.

What fraction of the packet of sweets did she eat?

1 mark

12

Complete the calculations.

$$\frac{1}{2} \div 2 = \square$$

$$\frac{1}{4} \div 3 = \square$$

$$\frac{3}{4} \div 2 = \square$$

$$\frac{7}{8} \div 7 = \square$$

Page 5 of 8 4 marks

13

Write the value of the underlined digit.

The first one has been done for you.

4.1683.07251.9152

Birds in Your Garden

There are many different types of bird that you might see in your garden. Here are a few of them:

Robin

Robins are very noticeable in your garden. They have a red breast and a brown head and back. They have long legs and a short tail. They are very territorial. This means they live in one area and will defend it very aggressively if another robin tries to live there. They eat insects, fruit, seeds and worms.

Jackdaw

The jackdaw is a noisy bird. You would definitely notice this bird in your garden. They are quite large with grey at the back of their neck, a stubby beak and striking white eyes. They eat insects, dead animals, eggs, young birds and seeds. Jackdaws are known for stealing things; not just food but objects too!

Blue tit

The blue tit is a very small bird with bright yellow and blue feathers. They eat insects, caterpillars, seeds and nuts. They lay eggs between the end of April and May. They often eat from bird tables and live in garden nesting boxes. The male and female blue tits look the same. In winter, family flocks join up with other blue tits as they search for food.

Blackbird

Blackbirds are very common garden birds but they also live in farmland, woodland and near streets and coasts. They eat insects, worms, seeds and fruit. Blackbirds tend to be solitary birds. This means they do not live in flocks but instead they live on their own. The male is glossy black with an orange beak and an orange ring around its eye. The female is less attractive, being dark brown with a brown beak. They nest in trees and their birdsong is easily recognised.

**Heron**

If you or your neighbours have a pond in their garden, you might see a heron either standing next to the pond or flying nearby. They love to eat fish and have been known to steal expensive fish from people's ponds! They are quite large, have a long thin beak, long spindly legs and long neck. When they fly, they stretch their legs out behind them and their neck is folded back. They nest in trees within colonies.

Questions

1. Why would you notice a jackdaw in your garden? Tick **one**.

- They're very noisy.
- Their song is easy to recognise.
- They're very colourful.

2. **Find** and **copy** a word that tells us that blackbirds don't live with other birds?

3. Which two things do herons do when they fly?

4. How are the beaks of the male and female blackbird different?

5. In which months do blue tits lay their eggs? Tick **two**.

- July
- April
- May

6. Which two birds cannot be trusted and why? Use evidence from the text to support your answer.

Answers

1. Why would you notice a jackdaw in your garden? Tick **one**.
 - They're very noisy.**
 - Their song is easy to recognise.
 - They're very colourful.
2. **Find and copy** a word that tells us that blackbirds don't live with other birds?
solitary
3. Which two things do herons do when they fly?
Stretch their legs out behind them.
Fold their necks back.
4. How are the beaks of the male and female blackbird different?
They are different because male blackbirds have an orange beak and females have a brown beak.
5. In which months do blue tits lay their eggs? Tick **two**.
 - July
 - April**
 - May**
6. Which two birds cannot be trusted and why? Use evidence from the text to support your answer.
The heron and the jackdaw cannot be trusted because they both steal things.
