

Monday

English

To make predictions about a story.

Home Learning focus

This week we will be looking at the book Bob Man on the Moon. You may know it already.

Equipment needed:
You will need a piece of paper and a pencil.

This lesson includes:

- Thinking about what the book is about.
- Discussing what the blurb on a book is about.
- One video (to watch at the end of the lesson).

Look at the photo of the front cover and think about what Bob might do? What might happen in the story? Read the blurb, and write a short passage about what you think will happen in the story.

Afterwards, watch the video....were you right?

<https://www.youtube.com/watch?v=Rt5zQ1UO6rE>

Maths

To show numbers up to 100 in different ways.

Home learning focus

This week will be revising our place value knowledge. This lesson we will go over how to represent numbers in different ways.

Equipment needed: You will need a piece of paper and a pencil.

This lesson includes:

- one video
- one slideshow
- two activities

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/articles/z7cthbtk>

Geography

What is an ocean?

Home learning focus

Welcome to our first lesson about Oceans and Seas. Today, we will be learning about the 5 oceans on our earth and the location of them in relation to the 7 continents. We will be ordering them in size and discussing why the oceans are always in motion.

You will need:

This lesson includes:

- Introduction
- Definition of an ocean
- How many oceans are there?
- Size of the oceans.
- Temperature of the oceans.

Please click on the link to access your learning:

<https://classroom.thenational.academy/lessons/what-is-an-ocean-crrp6e?activity=video&step=1>

Tuesday

English

To use adjectives.

Home learning focus

In this lesson we will focus on adjectives and how to write descriptive sentences about the character Bob.

Equipment needed:

You will need a piece of paper and a pencil.

This lesson includes:

- Two videos
- Writing activity

<https://www.youtube.com/watch?v=-NjXbgvrVIM>

Watch this video and remind yourself all about adjectives. What do they do? What do we use them for? They describe nouns and make our writing more interesting. You will have used these before in your classes.

Re-watch the story of Bob. What words can we use to describe him?

<https://www.youtube.com/watch?v=Rt5zQ1UO6rE>

Can you write 3 sentences describing Bob. What he looks like? What he is like as a character?

Maths

To learn how part whole models can be used to understand fact families.

$$17 = 7 + 10 \quad 7 + 10 = 17$$

$$17 = \square + 7 \quad \square + \square = 17$$

$$17 - 7 = \square \quad \square = 17 - 10$$

$$17 - \square = \square \quad \square = \square - \square$$

Home learning focus

In this lesson we will learn how part part wholes can help us understand addition and subtraction fact families.

Equipment needed: You will need A piece of paper and a pencil.

This lesson includes:

- two videos
- two activities

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/articles/zjn3gwx>

Art

To create artwork inspired by Pablo Picasso

Home learning focus

Today, we will be learning about the Artist Pablo Picasso. Picasso will talk about his family and how they were a huge inspiration for his work. He also talks about how he used colours to show emotions.

You will need:

This lesson includes:

- Introduction to Pablo Picasso
- How colours can be used to show emotion
- Show Pablo Picasso decided to change the way he painted
- A demonstration of how to look at a person's profile and then their whole face.
- Suggested art activities.

Wednesday

English

To sequence a story.

Home learning focus:

Maths

To learn number bonds to 100 using tens and ones.

PSHE

What do humans need to stay healthy?

Home learning focus

Today, we will be learning about what humans need to maintain good health. 'Health' is defined as

In this lesson, we will think about the sequence of a story. In class you will have used story maps before to draw pictures from the story to help you remember the sequence of the plot.

Equipment needed: You will need a pencil and piece of paper.

This lesson includes:

- A video
- Story map activity

Look at the story map here of Man on the moon. Can you create your own? Retelling the story.

Re-watch the video of the story here: <https://www.youtube.com/watch?v=Rt5zQ1UO6rE>

Home learning focus:

In this lesson, we will be using our number bond and place value knowledge to solve addition problems up to 100, for example $20 + 70 = 90$ or $60 + 40 = 100$.

Equipment needed: You will need a pencil and piece of paper

This lesson includes:

- two videos
- three activities

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/articles/znmpf4j>

keeping your body 'working at its best'.

You will need:

This lesson includes:

- An animation that discusses and illustrates what humans need to maintain good health.
- Opportunities to pause the video to identify and comment as you watch.

Your activity:

Can you design a poster to explain what humans need to stay healthy? Remember to include a healthy balanced diet with plenty of fresh fruit and vegetables, good hygiene, exercise and plenty of sleep.

English

To write descriptively

Home learning focus:

In this lesson, we will continue practising using adjectives to make our sentences much more exciting. We will focus on some different character from the books today. Can you think who it might be?

Equipment needed: You will need a pencil and piece of paper.

Thursday Maths

To find 10 more and 10 less of a given 2-digit number.

Home learning focus

In this lesson, we will be finding 10 more or less of any 2-digit number.

Equipment needed: You will need a pencil and a piece of paper.

Science

What is an ocean habitat?

Home learning focus

In this lesson, we will be finding out what an ocean habitat is.

Equipment needed: You will need a pencil, colouring pencils/pens and a piece of paper.

This lesson includes:

- One video
- One activity
- A quiz

This lesson includes:

- One video
- Writing activity

Re-watch the video of the story here:
<https://www.youtube.com/watch?v=Rt5zQ1UO6rE>

Can you write a list of adjectives to describe the aliens from the book?

Can you now write 3 descriptive sentences? Don't forget full stops and capital letters.

This lesson includes:

one video
two activities

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/articles/z7kw4xs>

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/topics/zx882hv/articles/zsfkd2p>

Can you draw a picture of an ocean habitat and label what you would find there?

Friday

English

To use question marks correctly.

Home learning focus:

We have looked at question marks in class. Today we will learn how to use them correctly when asking questions.

Equipment needed: You will need a pencil and piece of paper.

This lesson includes:

- a video
- one activity

Please click on the link to watch a video about questions.

<https://www.bbc.co.uk/bitesize/topics/zrqqtr/articles/z2xdng8>

Can you write 5 questions that you would like to ask Bob? Think about what you have found out about him so far this week. If needed watch the video of the story again to help you come up with some ideas.

Maths

To identify and sort odd and even numbers.

Home learning focus:

In this lesson, we will learn how to identify odd and even numbers.

Equipment needed: You will need a piece of paper, a pencil and some objects from around the house.

This lesson includes:

- one video
- two activities

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/articles/zr23c7h>

History

To know who Neil Armstrong was.

Home learning focus:

In this lesson, we will learn who Neil Armstrong was and what he is famous for.

Equipment needed: You will need a pencil and piece of paper.

This lesson includes:

- a video
- one activity

Please click on the link to access your learning:

<https://www.bbc.co.uk/bitesize/topics/zhpchbk/articles/z4w3mfr>

Other fun activities for the week...

Geography

Make a Papier-Mache Globe

Use newspaper strips and a balloon. Use colored paints to show land and water. Can you label the different continents or countries?

Food Investigation

Get the recipe of your favourite family food and find out what herbs and spices it contains. On a map, find the countries that produce those herbs and spices. Do some investigating to find out more about these countries. Can you find out about the climate? Could you grow the same spices where you live? Why or why not?

Create a map of an imaginary island or your own country

What is the name of your island or country? Who will live on your island or country? What would you see? Does it have mountains, deserts, lakes or cities? Can you describe the climate? Decide what language will be spoken there and how you could travel there.

History

Research your family tree

Spend time as a family researching and making your own family tree.

Health and Wellbeing Activities

Managing Emotions and Stress

Coping Toolbox

Helping your child to find ways to relax and cope is vital to help their mind and body switch off from their worries. Explain to your child that they should fill their coping toolbox with things which remind them of good times or will help them feel better.

Examples: Photos, drawings, a gift which someone has given them, a sachet of hot chocolate, a bath bomb, cuddly toy, favourite DVD or a list of activities they can do to relax e.g. take 10 deep breaths or mindfulness colouring.

You will need:

Any box or container

Materials to decorate your box or container

Stress Toys

This exercise releases muscle tensions and relaxes your hands. Make your own stress balls by filling balloons with dry rice or pulses. Take the balls in one hand and squeeze and release.

Push Against a Wall

Push against the wall for 10 seconds. Imagine you can push the wall over if you try hard enough! Repeat three times. When you do this your muscles contract and then relax, releasing feel-good hormones into the body.

Drive-in Movie

Take a big cardboard box and decorate it to look like a car. Put a cushion inside, sit in front of your screen and enjoy your favourite film, TV show or game.

Build a Den

Make your own private place using a couple of chairs and an old sheet or towel. Use this space to read a book of your choice.

Make a collage of all of your Dreams and Goals

Use old magazines or drawings, a pair of scissors and glue to make a collage of all the family things you want to do in the future. It can relate to anything from vacations, sports, foods and new activities to try.

Dental Hygiene

Challenge

We all now know how important it is to look after your teeth and limit sugar intake. Design a poster which informs young people about the importance of good dental hygiene. You might see a poster like this in your dentist surgery. Use the word bank below to help.

Word Bank

decay tartar plaque bacteria enamel hygiene sugar

Find out more about teeth by comparing human and shark's teeth.
