

# Weekly Home Learning Timetable

## Year 3

### Monday

#### English

**Focus-** To be able to create a character.

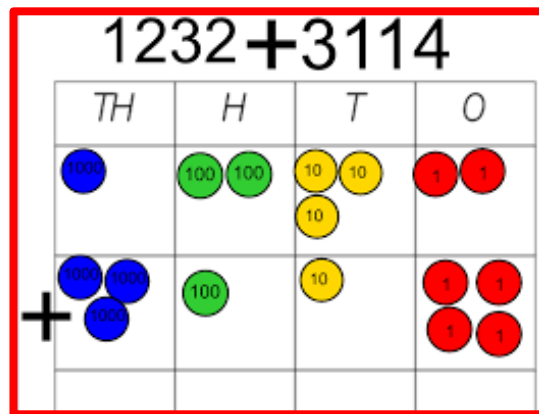

Think about your favourite superhero. What makes them a superhero? Why do you like them? What super powers do they have? What costume do they have?  
 Task 1 – Design your superhero costume. Use the resource sheet below.  
 Task 2 – Think about your character. What superpowers could they have? How did they get them? What is your character’s name? Now complete the character profile sheet in the resources below.

#### Maths

**Focus-** To be able to add and subtract ones, tens and hundreds from a number.

Start the lesson by reciting/chanting your times tables. Try to invent a fun action or movement to help you practise e.g. a star jump for every multiple etc.  
 This week we will be using our knowledge of place value to help us with addition and subtraction. Today we will be adding and subtracting one, tens and hundreds from a 3-digit number. When we add or subtract ones we need to be looking at the ones column. When we add and subtract tens we look at the tens column. When we add and subtract hundreds we look at the hundreds column.

#### Topic

**Focus-** To understand the importance of bicycles and cycling as part of a healthy lifestyle.

At a time when we are all being encouraged to exercise outdoors for our physical and mental health, let’s celebrate the importance of bicycles in not only keeping us healthy but helping the environment too as people around the world are encouraged to cycle rather than using cars/public transport. You may choose an activity for this session from the following:

- Design a poster encouraging someone to take up cycling as a hobby.
- Create a checklist of safety rules encouraging people to stay safe when cycling.
- Design your ‘dream bike’
- (Use the sheet in resources if you wish).
- Write an acrostic poem about a bicycle and the experience of cycling and what it may mean to you (see resource sheet).

### Tuesday

#### English

**Focus-** To be able to describe a villainous character.

Think back to your superhero, all superheroes must defeat an evil villain. Think about the villain your favourite superhero must defeat. What makes them a villain? What do

#### Maths

**Focus-** To be able to add and subtract 2-digit and 3 digit numbers

Before you begin today’s tasks, follow the links below to practise your times tables.  
<https://play.trockstars.com/auth/school>  
<https://www.bbc.co.uk/teach/supermovers>

#### Design and Technology

**Focus-** To be able to design.

Use:  
<https://www.bbc.co.uk/bitesize/articles/zrf6hbk>  
 Look around the house and see what packaging you have got that can be recycled. Design a new case

they do to make the hero fight them? Do they have any powers? How does the hero defeat them?

Task 1 – Create a mind map of descriptive vocabulary about your villain.

Task 2 – Create a wanted poster about your evil villain. Use the template below.

Here is an example showing subtraction from a 3 digit number using base ten and a written column method.

Add and Subtract 2-Digit and 3-Digit Numbers – Not Crossing 100 Diving

Complete the table.

Calculation	Model/Image			Column Method												
	H	T	O													
$156 - 42 = 114$				<table border="1"> <tr><td></td><td>1</td><td>5</td><td>6</td></tr> <tr><td>-</td><td></td><td>4</td><td>2</td></tr> <tr><td></td><td>1</td><td>1</td><td>4</td></tr> </table>		1	5	6	-		4	2		1	1	4
	1	5	6													
-		4	2													
	1	1	4													

Scroll down to the resource section below to find today's tasks and a challenge.

for a phone or tablet. If you wish, make it and take a picture to send to your teacher.

## Wednesday

### English

**Focus-** To predict what might happen next in a text.

Watch the following clip and complete the activities based on 'You're a bad man Mr Gum' by Andy Stanton.

<https://www.bbc.co.uk/bitesize/articles/zkttpg8>

### Maths

**Focus-** To be able to measure the perimeter of 2D shapes

Before you begin today's tasks, follow the links below to practise your times tables.

<https://play.trockstars.com/auth/school>

<https://www.bbc.co.uk/teach/superheroes>

Here is an example of calculating perimeter of a 2D shape.

Measure Perimeter Diving

Measure the perimeter of the shape.

$6 + 8 + 10 = 24$

Perimeter = 24cm

Scroll down to the resource section to find today's task and challenge below.

### Science

**Focus-** To understand what plants need to live.

Use:

<https://www.bbc.co.uk/bitesize/articles/znm4kmm>

Read the information and complete activity 1 at the bottom of the webpage. Then, complete the Science activity below. If you have time, create a poster explaining what plants need to grow and live.

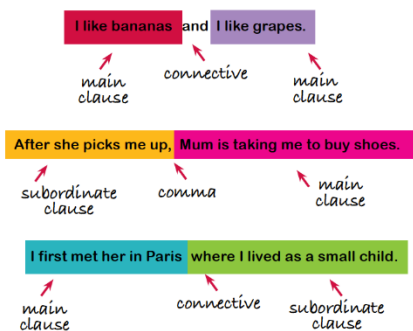

## Thursday

### English

**Focus-** To understand subordinate conjunctions

<https://www.bbc.co.uk/bitesize/articles/zrr8jhw> Learn how to join sentences differently using conjunctions to make your writing more interesting. Here are some examples

### Maths

**Focus-** To be able to find fractions of a set of objects.

Before you begin today's tasks, follow the links below to practise your times tables.

<https://play.trockstars.com/auth/school>  
<https://www.bbc.co.uk/teach/supermovers>

Here is an example showing fractions of a set of objects.

So  $\frac{1}{4}$  of 12 apples ( $12 \div 4 = 3$ ) Therefore each rhino will receive 3 apples.

Scroll down to the resource section to find today's task.

### French

**Focus-** To develop my French vocabulary and understanding

<http://www.nicurriculum.org.uk/pl/>

Explore the website above and choose a topic in the French section. Have fun practising some different words and phrases in French.

## Friday

### English

**Focus-** To use punctuation accurately in a sentence.

Warm up by talking to an adult about the different punctuation marks you know and what they are used for. Discuss when capital letters are used too.

Have a go at the punctuation practice exercise in the resources section. Remember to write the sentences using your neatest handwriting.

### Maths

**Focus-** To revise parallel and perpendicular lines.

Warm up by practising your times tables. Choose from the links below.

<https://play.trockstars.com/auth/school>  
<https://www.bbc.co.uk/teach/supermovers>

**ANGLES AND SHAPE** - Follow the link below to view the video for angles and shape Lesson 9. Complete the introductory quiz to revise your understanding on lines and angles before moving on to today's revision task on parallel and perpendicular lines.  
<https://classroom.thenational.academy/lessons/to-revise-parallel-and-perpendicular-lines>

After watching the clip, complete the main activities from the slides which can be found below in the resources section also.

### Art

**Focus-** To create a piece of art in the style of Andy Warhol.

Use:

<https://www.bbc.co.uk/bitesize/articles/znw3hcw>

Read the information and watch the videos.

Create a picture in the style of Andy Warhol.

Examples...

Complete the final knowledge quiz to assess today's learning.

### Other activities for the week

- **Read-** Read to yourself, siblings or adults. You could even email your teachers and tell them about the book you are reading and why you like it.
- **Spellings** – Practise your Year 3 and 4 Statutory Spellings. Can you put them in a sentence?
- **Maths** - Further practise your times tables and divisions by following the link below.  
<https://www.topmarks.co.uk/maths-games/hit-the-button>
- **Times tables-** Keep practising your times tables on Times Tables Rockstars.
- **DIY Jellyfish-** Make your own Jellyfish by following these instructions  
<https://www.craftiments.com/2013/04/glowin-dark-jellyfish-craft.html> (it doesn't have to be glow in the dark.)
- **Apple Oxidation-** What works best for keeping an apple from turning brown? Test to find out! Slice up an apple, and let each slice soak in a different liquid (water, vinegar, orange juice, salt water etc.). Then take them out, lay them on a tray, and check the brownness after three minutes, six minutes, and so on. Not only does this test the properties of different liquids, it also helps students practise the scientific method if they create hypotheses about which liquids would be most effective.
- **Water walking-** You'll need six containers of water for this one: three with clear water, one with red food colouring, one with blue colouring, and one with yellow colouring. Arrange them in a circle, alternating coloured and clear containers, and make bridges between the containers with folded paper towels. Your children will be amazed to see the coloured water "walk" over the bridges and into the clear containers, mixing colours, and giving them a first-hand look at the magic of capillarity. Follow the link for detailed instructions  
<https://funlearningforkids.com/rainbowwalking-water-science-experiment-kids/>
- **DIY story stones-** Take rock painting a step further: After the paint's dry, the images on the stones become characters in a story everyone can tell together.

## Resources

### Year 3 and 4 Statutory Spellings

accident	caught	eighth	heard	minute	possible	strange
accidentally	centre	enough	heart	natural	potatoes	strength
actual	century	exercise	height	naughty	pressure	suppose

## Monday Maths

### Lesson 1

1.  $136 + 3 =$  \_\_\_\_\_

2.  $212 + 4 =$  \_\_\_\_\_

3.  $381 + 6 =$  \_\_\_\_\_

4.  $494 + 5 =$  \_\_\_\_\_

5.  $578 - 4 =$  \_\_\_\_\_

6.  $636 - 2 =$  \_\_\_\_\_

7.  $794 - 3 =$  \_\_\_\_\_

8.  $959 - 8 =$  \_\_\_\_\_

1.  $153 + 30 =$  \_\_\_\_\_

2.  $272 + 20 =$  \_\_\_\_\_

3.  $301 + 60 =$  \_\_\_\_\_

4.  $413 + 70 =$  \_\_\_\_\_

5.  $581 - 40 =$  \_\_\_\_\_

6.  $625 - 20 =$  \_\_\_\_\_

7.  $767 - 50 =$  \_\_\_\_\_

8.  $992 - 80 =$  \_\_\_\_\_

1.  $163 + 500 =$  \_\_\_\_\_

2.  $345 + 600 =$  \_\_\_\_\_

3.  $582 + 400 =$  \_\_\_\_\_

4.  $273 + 300 =$  \_\_\_\_\_

5.  $564 - 300 =$  \_\_\_\_\_

6.  $820 - 600 =$  \_\_\_\_\_

7.  $707 - 500 =$  \_\_\_\_\_

8.  $919 - 700 =$  \_\_\_\_\_

### Challenge

Explain how you would use  $9+4$  to help you calculate  $931+400$

Calculation:

Model/Image

H

T

O

Column Method

				8	2	4					
			+		4	3					

**Challenge:**

Here are some digit cards.

Amir and Donna each make a three-digit number using all the cards.

Amir notices that when he subtracts his number from Donna's number he gets an answer greater than 300 but less than 400.

What numbers did they make?

# Wednesday Maths

## Lesson 3

1) Measure the perimeter of each shape.

Shapes not to scale.

Perimeter =					Perimeter =				

Shapes not to scale.

Perimeter =					Perimeter =				

2) Measure the perimeter of each shape.

Perimeter =	Perimeter =	Perimeter =

Five identical rectangles are put together to make a large rectangle.

The width of one rectangle is 4cm. Work out the perimeter of the large rectangle.

Lesson 4

Choose a challenge based on its difficulty (1 star being the least and 3 stars being the most challenging)

## Feeding Time at the Zoo

I can find fractions of a set of objects.

Help the twins to work out how much food to give each animal. Put objects on fraction strips to help you.

Each rhino will get:  
Strawberries .....  
Apple .....  
Banana .....

Each giraffe will get:  
Strawberries .....  
Apple .....  
Banana .....

Each monkey will get:  
Strawberries .....  
Apple .....  
Banana .....

Baby elephant gets  $\frac{1}{4}$   
and mum elephant gets  $\frac{3}{4}$ .  
Apple for baby .....  
Strawberries for baby .....  
Banana for baby .....  
Apple for mum .....  
Strawberries for mum .....  
Banana for mum .....

Challenge:  
One monkey has 6 pieces of pear. How much did the twins need altogether to be able to feed both monkeys? Draw a picture on the back of the sheet to help you work it out.

## Feeding Time at the Zoo

I can find fractions of a set of objects.

Help the twins to work out how much food to give each animal. Put objects on fraction strips to help you.

Each rhino will get:  
Strawberries .....  
Apple .....  
Banana .....

Each giraffe will get:  
Strawberries .....  
Apple .....  
Banana .....

Each monkey will get:  
Strawberries .....  
Apple .....  
Banana .....

Baby elephant gets  $\frac{1}{4}$   
and mum elephant gets  $\frac{3}{4}$ .  
Apple for baby .....  
Strawberries for baby .....  
Banana for baby .....  
Apple for mum .....  
Strawberries for mum .....  
Banana for mum .....

Challenge:  
If baby elephant has 3 pears to eat, how many will mum have?  
If each giraffe has 2 pears, how many will the twins need altogether to be able to feed all of them?  
Draw pictures on the back of the sheet to show how you worked them out.

# Feeding Time at the Zoo

I can find fractions of a set of objects.

Help the twins to work out how much food to give each animal. Put objects on fraction strips to help you.

Each rhino will get:

Strawberries .....

Apple .....

Banana .....

24 20 16

Each giraffe will get:

Strawberries .....

Apple .....

Banana .....

15 18 24

Baby elephant gets  $\frac{1}{4}$  and mum elephant gets  $\frac{3}{4}$ .

Apple for baby .....

Strawberries for baby .....

Banana for baby .....

Apple for mum .....

Strawberries for mum .....

Banana for mum .....

24 20 16

Challenge:

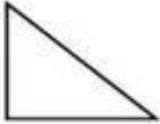

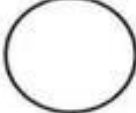

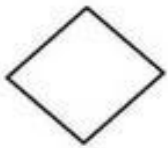

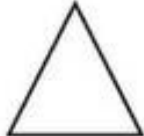

If baby elephant has 6 pears to eat, how many will mum have?  
If each giraffe has 7 pears, how many will the twins need altogether to be able to feed all of them?  
Draw pictures on the back of the sheet to show how you worked them out.

## Friday Maths

### Lesson 5

#### Part A: How many pairs of parallel and perpendicular lines do these shapes have?

	Parallel = Perpendicular =		Parallel = Perpendicular =
	Parallel = Perpendicular =		Parallel = Perpendicular =
	Parallel = Perpendicular =		Parallel = Perpendicular =

Challenge: where can you find parallel and perpendicular lines around your house? Make a list of examples.

#### Part B

##### 1. Match the lines with the definition

Parallel		A pair of lines which meet at a right angle
Perpendicular		A pair of lines which stay the same distance apart

##### 2. Can the same pair of lines ever be parallel and perpendicular?

## Design a Superhero

Give them a name, a costume and some super powers!

**TOP  
SECRET**

## **My Superhero Identity**

My superhero name is:

---

---

---

My costume looks like:

---

---

---

My special powers are:

---

---

---

How I became a superhero and got my powers:

---

---

---

**WANTED**

Name: \_\_\_\_\_

Story title: \_\_\_\_\_

Crime: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Last seen: \_\_\_\_\_

## Wednesday English

### Lesson 3

#### ***You're a Bad Man, Mr Gum***

Mr Gum hates children, animals, fun and corn on the cob. This book is about him, an angry fairy, a dog called Jake and a little girl called Polly.

Watch actor Joanna Lumley read an extract from *You're a Bad Man, Mr Gum*.

Think about the following:

- What do we learn about about Mr Gum?
- How can the carpet be 'the colour of unhappiness'?
- Can you believe that the bed has never been made?
- Are you surprised that Mr Gum has a pretty garden?

Now watch Joanna read another extract from *You're a Bad Man, Mr Gum* and think about the following:

- Could you visualise what is happening in this extract?
- Did you think Mr Gum would talk like this?
- Can you believe that he is scared of the fairy?

## Activity 1

### Extract 1

*Mr Gum's bedroom was absolutely grimsters. The wardrobe contained so much mould and old cheese that there was hardly any room for his moth-eaten clothes, and the bed was never made. (I don't mean that the duvet was never put back on the bed, I mean the bed had never even been MADE. Mr Gum hadn't gone to the bother of assembling it. He had just chucked all the bits of wood on the floor and dumped a mattress on top.) There was broken glass in the windows and the ancient carpet was the colour of unhappiness and smelt like a toilet.*

*Anyway, I could be here all day going on about Mr Gum's house but I think you've got the idea. Mr Gum was an absolute lazer who couldn't be bothered with niceness and tidying and brushing his teeth, or anyone else's teeth for that matter.*

*BUT (and as you can see, it's a big but) he was always extremely careful to keep his garden tidy. In fact, Mr Gum kept his garden so tidy that it was the prettiest, greeniest, floweriest, garden in the whole of Lamonic Bibber.*

The award-winning Mr Gum book by Andy Stanton. Illustrated by David Tazzyman and published by Egmont.

In extract one, the writer tells us lots of information about Mr Gum.

If you could only tell your friend three things about Mr Gum, what would they be?

1. Record your 'Top three facts about Mr Gum'.
2. Ask somebody else at home to do the same and compare your answers. See if you have chosen similar facts or if there are some differences.

## Activity 2

### Extract 2

*'Sort out the garden, you lazy snorer!' yelled the fairy, and down came the frying pan.*

*Mr Gum was too fast this time and shot out of bed like a guilty onion. PFFF! went the frying pan as it hit the bedcovers, sending up a little cloud of dust and ants.*

*Mr Gum legged it out of the bedroom and went hurtling down the stairs. He stepped on an old slice of pizza lying in the hall and half skidded into the kitchen, riding it like a cheese and tomato surfboard. He could hear the fairy right behind him, shrieking with fury.*

*'I 'aven't done nothin' wrong! I kept the flippin' garden TIDY!' shouted Mr Gum as he flung open the back door and ran outside. He started to say something else but when he saw the garden the words got stuck in his throat. They tasted horrible.*

*The garden was not tidy. The garden was a total wreck. The lawn was tufted up and torn. The flowerbeds were trampled and chewed. Rose petals and sunflower heads lay scattered all over the place like rose petals and sunflower heads. There was something lying under the oak tree that Mr Gum did not even want to think about. And in the centre of the wreckage played the most monstrous dog Mr Gum had ever seen.*

1. Read the second extract again and think about the events that unfold.
2. Return to the beginning of the extract and summarise what is happening in the text.
3. Try to write eight different phrases or clauses to summarise the plot.
4. Challenge yourself by using a maximum of six words for each phrase or clause.
5. You can choose where in the extract to pause and write a summary.

Here are two examples to start you off:

- **lazy snorer**
- **furious fairy flees**

### Activity 3

1. Read or watch extract 2 again.

2. Think about what you know so far about the story.

- We know that Mr Gum has an extremely messy house but that he has the prettiest garden in the whole town.
- We know that he is scared of the fairy which is why he keeps his garden so tidy.
- Jake the dog has messed Mr Gum's garden and Mr Gum is not happy.

3. Write the next paragraph of the story.

Will it be Mr Gum talking? Will it be a description of his garden? Or will it be something completely different?

You are the author – you decide!

# Comic Book Capers

Now it is time to use a range of conjunctions in a comic book. Using the boxes provided, draw your own comic book superhero having an amazing adventure. They could rescue a cat from up a tree, help some children to get to school when their car breaks down, save animals at sea or do whatever your imagination creates! Below each scene in your comic, write a sentence to describe what is happening. Use the conjunctions provided to extend your sentences. Tick each conjunction that you use as you are creating your comic.

when

because

if

despite

and

as

but

since

so

until

although

# Computer Malfunction

All of Miss Mason's sentences below have been extended with a subordinate clause. However, her computer has mixed up the sentences and now the subordinate clauses don't match the main clauses. Help Miss Mason by matching the main clause to the correct subordinate clause so that each sentence makes sense.

The bride was looking forward to the wedding

Keisha and Teneisha were eating parkin cake

Ryan's teacher said that he would receive a class point

Asif played on his tablet computer

Tracey put up her umbrella

Jeremy ate his food quickly

Marmaduke, the ginger cat, climbed onto the sofa

Noah helped to stir the food in the pan

because it was Bonfire Night.

after he had finished his homework.

because he was extremely hungry.

when his owners were out shopping.

if he finished all of his work.

whilst his dad chopped the vegetables.

although there were lots of wedding-related jobs still to do.

before she stepped out of the front door.

## Challenge

Pick three of the main clauses from above. Re-write the sentences and add your own subordinate clause to make a complex sentence.

# Fairy Tale Sentences

Help to finish these fairy tale sentences by adding a subordinate clause to the end of each one. Use the conjunctions in the box below to help you to extend the sentences. For example:

Humpty Dumpty sat on the wall **whilst the King's horses approached**.

when	if	because	although	unless
as	despite	until	since	

1. Little Red Riding Hood went through the woods \_\_\_\_\_
2. Little Bo Peep was sad \_\_\_\_\_
3. Snow White ran through the dark forest \_\_\_\_\_
4. Like a ghost, Jack sneaked into the giant's castle \_\_\_\_\_
5. Cinderella couldn't go to the ball \_\_\_\_\_
6. The three little pigs were happy \_\_\_\_\_
7. The Gingerbread Man wouldn't have been eaten \_\_\_\_\_
8. The prince managed to get to Sleeping Beauty's palace \_\_\_\_\_
9. Rapunzel threw her hair out of the window \_\_\_\_\_
10. Belle stayed in the castle \_\_\_\_\_

## Correct the Sentence Punctuation

Write the correct sentence underneath by adding in capital letters, full stops and question marks.

1. my brother's dog is called tess

---

2. on sunday she went to the park

---

3. the titanic sank in 1912

---

4. toby and mark are going to spain in march

---

5. martha took her children to the zoo yesterday

---

6. when i go to the shop, i will get some crisps

---

7. sameera and i are going to town on friday

---

8. did you sell buns at the fair

---

9. my mum has a cat he is called tom

---

10. have you got a dress for the prom

## Topic

# My Dream Bicycle

Design your own perfect bicycle. You could use books or the Internet to research different styles of bike before you start. What makes a bike fast, slow, sturdy, or safe?

Think about:

- the size of the bike;
- the style of the bike;
- the colours you would use;
- the size and shape of the saddle;
- the type of handlebars you would use;
- the size and thickness of your wheels;
- the number of gears you would choose;
- the materials you would use to make it.

# Plants Need...

Use the words below to finish the sentences.

Many plants need \_\_\_\_\_ from the sun.

Many plants need \_\_\_\_\_ or they will dry out.

Many plants need \_\_\_\_\_ to grow their roots in.  
They get the nutrients they need from the soil.

Plants need \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_  
which they use to make food.

Plants need these four things:

<b>Plants Need...</b>	<b>My Pictures of What Plants Need</b>
1. w _____	
2. a _____	
3. s _____	
4. l _____
