Date	2019-2020	SGO	Stephanie Selsby

The School Games Mark rewards schools for their commitment to and the development of, competition, school sport and physical education. Schools will need to provide evidence for all levels achieved.

The School Games Mark is now in its 9th year and continues to reward schools for their commitment to and development of competition, school and physical education. Schools will be able to apply for the award between **6th May – 5th August 2020**. A suite of resources has been developed to support the application process and explain the criteria, with bespoke supporting documents also produced for Special schools. Schools must be registered to be able to apply, if you would like more information:

<https://www.yourschoolgames.com/app/resources/>

There are 5 sections of School Games Mark, these are:

Section 1 - Prerequisites – all schools must meet these & the remaining sections differ based on the level that the school is assessing themselves against.

Section 2 – Increasing engagement in school games

Section 3 – Developing competitive opportunities

Section 4 - Workforce

Section 5 – Increasing and sustaining participation

Under each section, there is an explanation of the criteria, to allow the school to assess themselves across bronze, silver, gold and platinum levels of the Mark and within each section an action plan to help schools effectively plan towards achieving the appropriate level.

For further help, support and advice on planning towards the School Games Mark don't hesitate to contact
