

A PARENT INTRODUCTION TO BARTON COURT AS A THINKING SCHOOL

At the same time as the Year 5 student enriching workshops, parents/carers are invited to stay in school and attend an introduction on Barton Court as a Thinking School. This will be an opportunity for you to see what a Thinking School is, see the sort of learning activities our students do, view examples of work and speak to members of both our Student and Staff Drive Teams.

An outline of when these sessions are running is available below. Please be aware that these sessions are the same, so you do not need to attend more than once.
