Thank you to all my staff and our wonderful customers for all their help and understanding throughout what proved to be a most difficult year 2020.

How are we helping you in...

## Summer 2021

We are employing more Summer Staff this year.

We know that you like our personal service, so we are employing more staff to assist you in getting your items as quickly and safely as possible. Plus, we have updated and added new changing rooms!

A new larger Customer Collection desk

Open between  
10am and 5.30pm Monday to Friday  
and  
10am to 5pm Saturday  
Which doubles our capacity.

We have also increased our internet, customer order & picking teams so we can despatch orders much faster, as well as employing two delivery drivers, so we can deliver your goods to you more efficiently.

How can you help?

To assist us with helping you, come in to order your uniform as early as you can and take advantage of our layaway service which allows you to put away all your uniform needs with just a £5 deposit, pay for it using our web payment system and collect it from our new collection Desk.

Please note we have received notice that the delivery of some of the items we placed on order in November 2020 has been delayed.
